In-Session Address 149 University Vlg, Apt B, Ames, IA 50010

Experience

| | |
|---|-----------------------|
| Undergraduate Research Assistant in Chemistry Stanley Group, Iowa State University | August 2015 - present |
| IT Student Technician - Dept of English, Iowa State University | May 2013 - present |
| Programming Intern - CenUSA BioEnergy | Summer 2014 |

Skills

- Standard organic chemistry laboratory techniques such as NMR spectroscopy and column chromatography
 - Experience using bioinformatics databases and algorithmic analysis of DNA, RNA, and protein sequences
 - Troubleshooting and working with clients on technical computer problems
 - Working with a team on educating K-12 students about biofuels and renewable energy sources
 - Tutoring students in organic chemistry
 - Experience and practice with graphic design for print and web materials and the design process
 - Creating design solutions for clients
 - Languages: Java, C, C++, HTML, Javascript, CSS, Python
 - Software: Adobe suite, Eclipse, Xcode, Sublime Text, ChemBioDraw, MestReNova, Microsoft Office
-

Education

Iowa State University - in progress
Bachelor of Science, Chemistry
Minor in Computational Biology and Bioinformatics
Expected graduation: Spring 2017
Current GPA: 3.30
